

USING S1 AS PROOF OF HEALTHCARE WITH RESIDENCY APPLICATIONS NON PENSIONERS

The S1 should be accepted as proof of healthcare when you are in the process of registering on the Registro de Extranjeros (applying for Residency). The law is quite clear.

“Documentación acreditativa de disponer de seguro de enfermedad público o privado, contratado en España o en otro país, siempre que proporcione una cobertura en España durante su periodo de residencia equivalente a la proporcionada por el sistema nacional de salud.”

An S1 clearly meets the requirements of being **publico (public)** and **en otro pais (another country UK)** and **proporcione una cobertura en España (provides cover in Spain) durante su periodo (during the period)**.

It's completely disingenuous not to accept the S1, because they accept it for pensioners.

“Los pensionistas cumplen con esta condición aportando certificación de disponer de asistencia sanitaria con cargo al Estado por el que perciben pensión.”

This is the S1 **“certificación de disponer de asistencia”**
So, they are aware of an S1 and what it is, and furthermore it does not need translating.

“Cuando se trate de formularios estándares de la Unión Europea no será necesaria ni su traducción, ni su legalización de conformidad con lo dispuesto en la normativa comunitaria que los ampara. Por ejemplo: modelos de asistencia sanitaria S1, E109, E 121.”

All this information is [from the Government website](#) (click on the blue writing to open the link to the website) on registration. Anyone who is going to register with an S1 who is not a pensioner should print this page and highlight the relevant bits to take with them.
